

# A Natural Network for Southeastern Michigan

This map represents those areas in Southeastern Michigan with a co-occurrence of high biodiversity, riparian corridors, wildlife habitat, and potential for enhancement of existing conservation lands.

This map was created through the efforts of the Land Conservancies of Southeast Michigan Collaborative. Members include: Raisin Valley Land Trust • Lapeer Land Conservancy • Heart of the Lakes Center for Land Conservation Policy • Land Trust Alliance Midwest Program • Southeast Michigan Land Conservancy • Legacy Land Conservancy • North Oakland Headwaters Conservancy • Michigan Nature Association • Livingston Land Conservancy • Six Rivers Land Conservancy • Grosse Ile Nature & Land Conservancy

Presented by Southeast Michigan Land Conservancy

Created for the Land Conservancies of Southeast Michigan Collaboration, Heart of the Lakes Center for Land Conservation Policy, and the Land Trust Alliance  
Created by University Outreach at the University of Michigan-Flint, March 2011
