Preserving the rural character and
natural habitats of Superior Township

In Appreciation

A local division of Southeast
Michigan Land Conservancy

Dear Neighbor,

Thank you for your support of Superior Land Conservancy. As a local division of the Southeast Michigan Land Conservancy (SMLC), the Superior Land Conservancy (SLC) has been instrumental in preserving the rural character and natural habitats of Superior Township since 1991—and we couldn't have done so without your support.

In 2008 SLC underwent a change of leadership. Now that we have a year under our belts as co-chairs of the SLC Steering Committee, a committee of the SMLC Board of Directors, we are looking forward to continuing our strong tradition of local land protection. Although 2009 was a year of transition, SLC continued its long history of involvement in a number of programs and events. See the enclosed card for a listing of our accomplishments.

SLC also participated in a recent Township-wide mailing to inform all residents about SLC and the Superior Greenway, which now comprises over 1,800 acres of nature preserves and protected farmland! **In 2010, we hope to announce new land protection projects in this important Greenway. Please stay tuned.**

In 2009 we did not contact each individual Superior Land Conservancy donor regarding an annual "membership renewal." Please be assured that your standing with Superior Land Conservancy has not lapsed. The current contact information we have on file is listed on the enclosed record card. If there are any changes, additions, or corrections, please let us know as indicated.

Most importantly, please accept our heartfelt gratitude for your steadfast support of Superior Land Conservancy over the years. We look forward to working with you and all of our supporters to continue to protect natural land and open space in Superior Township, in 2010 and beyond.

Thank you, and Happy New Year!
